SUMMARY & SHOW COPY

About

GATHERING.1 is an immersive and interactive evening celebrating Western Australian movers and makers through intimate choreography, live visuals and music. Premiering in 2025 at the historic Liberty Theatre, the performance brings performers and audiences together in a shared experience exploring unity, ritual, celebration, and human connection.

Audience, dancers, and DJs share the stage throughout the evening, transforming the theatre into a fully immersive communal space. Performances unfold on the main stage, dissolving the traditional boundaries between spectator and performer.

Between choreographic works, DJ-led sets invite audiences to dance and be inspired “dance-off” moments led by Logan Ringshaw and local street crew, creating a dynamic atmosphere of participation and connection.
